*My Favorite Holiday*

(1) New Year's is the most important holiday of the year in my country. New Year's is celebrated for fifteen days, but my favorite day is the first day.

(2) The celebration actually begins at midnight. Fireworks are set off, and the streets are filled with people. Neighbors and friends greet each other and wish one another good luck for the year. The next morning, gifts are exchanged. Children are given money. It is wrapped in red envelopes because red is the color for good luck. When I was younger, this was always my favorite part of the holiday.

(3) On New Year's Day, everyone wears new clothes. These clothes are bought especially for the holiday. People are very polite to each other. It is considered wrong to yell, lie, or use bad language on the first day of the year. It is a custom for younger generations to visit their elders. They wish them good health and a long life.

**Exercise 41, p. 341.***My Friend's Vegan Diet*

I have a friend who is a vegan. As you may know, a vegan is a person who eats no animal products. When I first met him, I didn't understand the vegan diet. I thought *vegan* was another name for *vegetarian*, except that vegans didn't eat eggs. I soon found out I was wrong. The first time I cooked dinner for him, I made a vegetable dish which had a lot of cheese. Since cheese comes from cows, it's not vegan, so he had to scrape it off. I also served him bread that had milk in it and a dessert that was made with ice cream. Unfortunately, there wasn't much that he could eat that night. In the beginning, I had trouble thinking of meals which we could both enjoy. But he is a wonderful cook and showed me how to create delicious vegan meals. I don't know if I'll ever become a complete vegan, but I've learned a lot about the vegan diet and the delicious possibilities it has.
