### My Family

There are five people in my family. I have an older brother, and he works as an engineer. He got married a little while ago and moved to Atlanta. My sister is several years younger than I am. She's still in high school and lives at home with my parents. My mother didn't work when I was a child, but now she's teaching part-time. My father is a businessman. He works for a large international company and travels a lot for his job. In fact, he's probably traveling somewhere right now. I left home a year ago to go to college, and I'm living in a different city. I go back home on vacation to visit my parents and my sister. I enjoy spending time with my family.
