## Units 11–12 [Track 7]

**A** Listen to the conversations. Check the correct information.

**1.**

MAN: Where did you go for your vacation?

WOMAN: I went to Chuncheon, in South Korea. It was my third time there.

MAN: Oh, really? I've never been there. Did you enjoy it?

WOMAN: I sure did. There are great places to hike, and there are some beautiful lakes and beaches there.

MAN: Are the beaches crowded?

WOMAN: Sometimes, but you can usually find some very quiet beaches.

MAN: It sounds like it's an excellent place to relax.

WOMAN: It is! That's why I go there.

**2.**

WOMAN: Have you ever been to Mexico City?

MAN: Yes, I have. I went there last year, in July.

WOMAN: How did you like it?

MAN: It's an amazing city! I had a really great time there.

WOMAN: And what about this year? Have you taken a vacation yet?

MAN: No, I haven't, but I plan to spend a week on a beach somewhere, probably in August.

WOMAN: Sounds good.

**3.**

MAN: Can you tell me a little about San Francisco?

WOMAN: Oh, it's my favorite city. It's so beautiful.

MAN: What should I see there?

WOMAN: Well, you should definitely visit some of the wonderful museums there, like the Asian Museum and the Museum of Modern Art. And you shouldn't miss Lombard Street.

MAN: Lombard Street?

WOMAN: Yes. It's street on a hill with many turns. You can take a streetcar to the top and then walk down the street.

MAN: Sounds great! And when's a good time to visit?

WOMAN: Oh, I went there in June, and the weather was very nice. Don't go in the winter, though. It rains a lot then.

MAN: OK. Thanks for the information.

**4.**

WOMAN: Did you enjoy your trip to Canada?

MAN: Oh, it was great!

WOMAN: What did you do there?

MAN: Well, I went to Halifax and stayed there for a couple of days. And then I took a boat to McNabs Island.

WOMAN: I haven't heard of McNabs Island.

MAN: It's a really quiet island near Halifax. No one lives on it.

WOMAN: Can you stay there?

MAN: Yes, you can camp there. We stayed for three days. It's a great place to hike and see birds.
