Units 7–8

[Track 5]

A Vicky and Paolo are talking about their vacations. Listen and check the correct answers.

PAOLO: So, Vicky, where did you go for your vacation?

VICKY: I went to Costa Rica. It was my first time there.

PAOLO: Did you enjoy it?

VICKY: Well, yes and no. I wanted to go surfing, but the waves were really scary. Many days, it was too windy to surf. The weather was pretty cloudy and cool, and it rained a lot.

PAOLO: That's terrible! So you didn't surf?

VICKY: No, but I visited a lot of museums and saw some movies.

What about you, Paolo? How did you spend your vacation?

PAOLO: Well, I had a lot of fun. I went to Canada.

VICKY: Wow! What did you do there?

PAOLO: I took a hiking trip in the Rocky Mountains.

VICKY: How was the weather?

PAOLO: Both good and bad. The weather can change very quickly in the mountains. Some days were sunny and warm – perfect for hiking – but other days were cold and very wet. I still loved the trip!
