49	Fear of doctors	
50	Fear of driving	
51	Fear of heights	

b) Read the three comments below and match them to the right number in the passage.

52	I have a fear of going over bridges, and on freeways at over 60 mph. I'm OK at 45 mph. I once went over a bridge and I had to stop in the middle - I was really frightened. I haven't driven that way since then, and that was seven years ago. Becky	
53	I thought I was the only person that had this fear! I'm OK with the small ones, but I'm terrified of the big ones. I'm OK if they aren't close to me, but as soon as they start flying near me I run away. I like looking at pictures of them because they can be beautiful, but if they fly towards me, especially towards my face, I panic. Mina	
54	I suffer from this phobia, and what works best for me, if I know that I'm going to be in a situation where there'll be a lot of people, is to arrive early. Then other people arrive little by little, and that helps me. The worst thing is walking into a place that is already full of people. Simon
