Expert Travel Advice

This week, our expert shares some tips on making travel easy:

Documents: Make sure you have all your documents: passport, visas, and tickets. Don't keep important documents in your suitcase. Take them with you in your carry-on bag. You should make copies of all your documents and credit cards and keep them in another bag.

Packing: Always travel light! I hate to carry heavy bags. Another tip: don't use expensive suitcases. People don't steal dirty old bags. Finally, here's a nice idea: tie a sock or brightly colored string to your bag. Why? So you can quickly see your bag when it arrives.

At the Airport: My advice is that you should always carry a good book. It helps to pass the time as you wait for your flight.

On the Plane: Don't forget to take a sweater or a jacket on the plane. It can get cold on a long flight. And then there is airline food. Take a snack with you. Sometimes the food is late, sometimes it doesn't arrive at all, and it's never very good.
